ST. WALBURG SISTERS ENJOY ANNUAL LUNCH WITH LITTLE FRIENDS FROM VMM

VILLA HILLS – The kindergarten children of Villa Madonna Montessori served up some spooky smiles and laughs to the sisters in residence at St. Walburg’s Monastery during the annual Halloween luncheon.

The children heard all about life from the sisters’ point of view while the sisters got to hear all about what it’s like to be a 5-year-old in kindergarten. One student even found out during lunch that she was related to Sister Mary Carol! The following day all the children came to visit the sisters again to sing and act out spooky songs for the sisters. The sisters even surprised the children with special Halloween cookies decorated with candy corn.

Both the sisters and the children enjoy this annual event each year.
